Anne North Hinton collection on the North family (MC.950.141), Quaker & Special Collections, Haverford College, Haverford, PA.
Biographical note

George North (1711-), a Quaker, was born in 1711 in London, and died in 1816 in Miami, Ohio. He married Ruth Burden "contrary to discipline" in 1737 in Chester, Pennsylvania. They had four children: John, Thomas, Jacob and an unidentified daughter. North was a indentured as a barber and peruke maker, but later records list him as a "mariner."

Scope and Content note

This collection is composed of three folders of Anne North Hinton's research on the North family genealogy, which was originally housed in a large binder. The collection contains photocopies of letters sent by Ann North Hinton to various archives and their responses, in an effort to discover information about the North family and other families. It also includes notes on her process and which books, archives and repositories were of use. She was especially focused on George North (1711-1816) who emigrated from the United Kingdom to the colonies. Also included are typed and handwritten conclusions, ideas and notes on various North family relatives she tracked down in her research, hand-drawn genealogical charts of the North family, photocopied and hand-drawn maps, notes on deaths, deeds, estates, marriages and military service in her direct line, copies of various sources, and limited notes on the Lewis, Montague, Limbert, Pitson, Pope and Young branches of the North family, as well as North family connections in Georgia, Illinois, Pennsylvania, Virginia and England.
