Job Title: Mapping Microfinance Assistant
Reports to: Laurie Allen in the Library and Professor Shannon Mudd in Economics and Mi3
Hours required per week: 4-8
Number of positions: 1

Job Description:
The Microfinance and Impact Investing Initiative (Mi3), and the Digital Scholarship team at Magill Library are seeking a student with mapping and GIS experience to work on a research project. The student will find and map the locations of microfinance lending offices, and produce reports on the location of those offices with respect to other socioeconomic and financial factors. For an example of some initial work, go to http://ds.haverford.edu/wp/mappingmicrofinance/

Responsibilities include:
- Data entry
- Searching for and organizing data
- Creating and using documentation
- Mapping and Geographical Analysis

Qualifications:
- Familiarity with GIS
- Interest in Microfinance
- Knowledge of HTML and CSS or a content management system preferred
- Effective writing skills

How to Apply:
We will accept applications until Friday, Sept. 13, 2013 or until the position is filled. Forms can be found at our circulation desk and on our website under “Employment Opportunities” at http://library.haverford.edu/about/#jobs.
